Jack Off Jill, Lollirot one rock

You are insatiable
Sugary smiles left on her skull
Everyone knows they need a piece of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Hard rock queens in ripped-up jeans
Everyone thinks they're so obscene
Bend them over, you get a taste of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Skinny boys are still the best
Oh how I love when they slam and sweat
Get real close, you'll get a sniff of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
We are all candy, covered on the outside,
Peel away the shell, and we're rotting from the inside
We are all candy, covered on the outside,
Peel back your eyes
Take my advice
Taste all your fears
Sugar and spice
We are all candy, covered on the outside,
Peel away the shell, and we're rotting from the inside
We are all angry, angry on the inside
Peel away the shell, and we're frightened from the inside
You are insatiable
Sugary smiles left on her skull
Everyone knows they need a piece of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
Skinny boys are still the best
Oh how I love when they slam and sweat
Get real close, you'll get a sniff of lollirot
Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
