

# 112, Why Does

All the love you've given me  
So special seems to be no limit  
I'll do anything  
There's no boundaries to how we can grow  
How can I let you know  
Girl, let me sit and think, oh

[Chorus:]  
Why does the wind blow  
Why does the sun shine  
Why does the rain fall down on my face  
Why does the earth spin  
Why do the waters reach the shore  
And tell me, tell me why  
Why do I love you like I do

Oh, in the past  
You were there when I was down  
My friends could not be found  
Your touch kept me so strong  
But our love didn't fade away  
Instead it sails inside the sky  
That's why I must ask why  
I must ask why

[Chorus]  
I ask myself the question time and time again  
(Baby I love you)  
Baby I love you  
(Yes I do)  
Why did you have to hurt me  
And leave me all alone  
(Baby I love you)  
Oh, baby I love you  
Now I'm all alone when I need your love

[Repeat Chorus until fade]
