

2 Chainz, Money In The Way

psychedelic flow I'm the dope and the antidote
fade down the street from the pocket store
what you know?

going back and forth
in and out
moving llateral
tools like mechanics take your woman for collateral
put her on the saddle with a paddle and aderll
just tryna string it out like Latimore
old timer ass nig*** you are unemployed
I'll buy my girl a building with the furniture

you still getting their hair done
I'm on the tummy
I'm 2 Chainz

I;m known to double up
in the double R with a double cup
double parked
at the W
I am from the South Side
gonna throw it up
being around lamenigg give me phobia
