

30 Seconds to Mars, The Mission

I open up my head
Inside I find another person's mind
I'm gonna take this chance I've got
I run denying as we speak
Hiding my face among the weak
Some say their day is all away
Into the wild
I'm with a mission
Over the hill
Come here with me

Into the wild
Into the wild

High above the serpentine
I cross below the well-worn lines
Entangled in a missing memory
I find an oversight
I formed this sword that will give rise
To something the world is here to seize

Into the wild
Into the wild

Into the wild
I'm with a mission
Over the hill
Come here with me

Into the wild
I'm with a mission
Over the hill
Come here with me
