

# 38 Special, Play A Simple Song

Oh my friend won't you tell me what to do?  
a'They don't seem to understand.  
I try so hard to make my music tell the truth.  
a'Can't you lend a helpin' hand?  
You gotta play a simple song for them.  
a'That's the only thing they want to love and understand.  
Won't you play a simple song for them?  
Well I think that the songs are doin' fine.  
Well I can tell what's on their mind.  
You lend a hand now I'm doin' all I can  
to help the people understand.  
You gotta play a simple song for them.  
That's the only thing they want to love and understand.  
Won't you play a simple song for them?  
Oh my Lord I'll try, I'll try and try again.  
You gotta play a simple song for them.  
That's the only thing they want to love and understand.  
Won't you play a simple song for them?
