

3rd Root, Fly

Before I was soul fly and I will
But I am one with the one that's one
And as a child we now fly
Forever, forever, forever
Fly

And why can't they find you 'cause I did
And I am one with the one that's one
And as a child I now fly

Why can't they see forever
Why can't they see
Why can't they see
The scars inside

Why, why, why
Forever loving you
