## 5 Seconds Of Summer, Beside you

Within a minute I was all packed up I?ve got a ticket to another world I don?t wanna go I don?t wanna go Sudden words are hard to speak When your thoughts are all I see ?Don?t ever leave?, she said to me

When we both fall asleep underneath the same sky To the beat of our hearts at the same time So close but so far away (Can you hear me?)

She sleeps alone My heart wants to come home I wish I was, I wish I was beside you She lies awake I'm trying to find the words to say I wish I was, I wish I was beside you

Another day and I?m somewhere new I made a promise that I?ll come home soon Bring me back, bring me back to you

When we both wake up underneath the same sun Time stops, I wish that I could rewind So close but so far away

She sleeps alone My heart wants to come home I wish I was, I wish I was beside you She lies awake I'm trying to find the words to say I wish I was, I wish I was beside you

The pieces of us both Under every city light And they're shining as we fade into the night

She sleeps alone My heart wants to come home I wish I was, I wish I was...

She sleeps alone My heart wants to come home I wish I was, I wish I was beside you She lies awake I'm trying to find the words to say I wish I was, I wish I was beside you

She lies awake Beside you I wish I was, I wish I was...

She sleeps alone My heart wants to come home I wish I was, I wish I was...
