

5 Seconds Of Summer, No Shame

angel with the gun in your hand
pointing my direction
giving me affection

love is fatal
won't you give it a chance
center of attention
don't you ask me any questions

go on and light me like a cigarette
even if it might be something you regret
you got me now now now
swallow me down down down down

I only light up when cameras are flashing
never enough
and no satisfaction
got no shame
I love the way you're screaming my name
diggin' my grave to get a reaction
changing my face and calling it fission
got no shame
I love the way you're screaming my name

lay me in the palm of your hand
I'll give you my permission
you'll always be forgiven

go on
replace me
when you're craving something sweeter than the words
I left in your mouth
go on and spit me out

only light up when cameras are flashing
never enough
and no satisfaction
got no shame
I love the way you're screaming my name
diggin' my grave to get a reaction
changing my face and calling it fission
got no shame
I love the way you're screaming my name

go on and light me like a cigarette
even if it might be something you regret
you got me now now now
swallow me down down down down

I only light up when cameras are flashing
never enough
and no satisfaction
got no shame
I love the way you're screaming my name
diggin' my grave to get a reaction
changing my face and calling it fission
got no shame
I love the way you're screaming my name
