[Tony Yayo]

[HOOK: 50 Cent]  
Bump Dat  
Niggas try to stunt on my click  
Then when I get on that shit  
I bring it to 'em where they pump at  
12 Gauge mashberg  
No shell in the head  
Before you put in work, you gotta pump that  
You done hit a nigga with it and you runnin to polices  
Come and take my advice, nigga, dump that  
This is serious, these rap niggas, I'm just havin fun with it  
50 Cent, nigga, Bump Dat

[50 Cent]  
My son ask "Daddy why carry a gun, you ain't a cop"  
Looked at him and said "Sometimes you gotta shoot or get shot"  
Wanna go to show-and-tell and show the class my glock?  
Show 'em the clip  
Show 'em the beam  
Show 'em how Daddy lean  
In the convertible Jag  
22 inch mags  
For a high school drop out, shit, that ain't bag  
I'm not a blood or a crip, I'm doing my own thang  
G-UNIT  
Shit, I done started my own gang  
I don't go that funny dance  
I don't throw gang signs  
But I'm a gangsta to the core so I stay with a nine  
Think all I do is rap, then you don't know me good  
Have Smurf hangin out the sun roof to light up your hood, man  
Cause Lethal ain't never seen Blaco comin'  
But if he did .. you think he woulda started runnin?  
And I move with the Doublemint Twins and two macs  
And leave you flat your back  
BRRAT  
Take that

[HOOK]

[Tony Yayo]  
I gotta half a mil deal with no diploma  
Ice so blind it give your ass glaucoma  
Its hard to live, but its easy to die  
So I'm going through life lookin death in the eye  
These rappers ain't gun slingers  
They R&B singers  
G-Unit, come thru with some guerilla niggas  
Minimum wage ain't gonna pay the rent  
Cause the seats in the coupe got the Fendi print  
And this shit right here for the listeners pleasure  
I'm still on the strip with the fifth and my ever  
Its T-O-N-Y  
Stay with a semi  
Milk your crack spot - till the shit be bone dry  
You think you pump hard? Nigga I pump harder  
My phone ring so much, I walk around with the charger  
When the D's come around, I'ma swallow my crack  
Shit the work out later, and hit 'em with that  
If it's a direct sale

I'ma change the bill  
Tryin to push the new Range cause they changed the grille  
Look nigga we icey thugs  
We stay with them things so we stay with some Nike gloves
