5ive, Feel The Love

Sometimes I get to thinking
And I cant control
Thoughts on my mind
Theyre playing on my soul
When I know what I'm believing
And it keeps me strong
People of the world
Weve got it going on
[BRIDGE]
And I said hey, what are you thinking
And I said hey, we got to get together
Feel the love now
[CHORUS]
I wanna sing it out louder
Wanna scream and shout it
We got to get together
Feel the love now
I wanna sing it out louder
Wanna scream and shout it
We got to let this love in
Sure theres gonna be some times
Youll get it wrong
Dont let it get you down
You gotta move along
And when you let the light of hope
Free your mind
All around the world
The sun is gonna shine
[BRIDGE]
[CHORUS]
[M8]-(oohs to chorus melody-gospel style)
Stand up
Come on and put your hands up
Never gonna give up
We got to get together
Feel the love now [x2]
[CHORUS]
