

# 5ive, Hear Me Now

If you think youre ready  
Let the games begin  
Just roll the dice now  
May the best player win  
Mamma told me its no sin (its no sin)  
(oh oh) oh yeah  
Any way you like it  
Just let me know  
Dont try to hide it  
If youre ready lets go  
I wont be lazy with you no no no  
Whoa whoa whoa whoa

[CHORUS]

I tried to call you but you wasnt around  
I tried to see you but you was outta town  
I tried to find you, tried to track you down  
But my phone didnt make a sound  
I know you hear me now  
Now the show has started  
And were on the road  
My tank is full now  
Im about to explode  
Its dangerous in overload  
(Oh oh) oh yeah  
I can keep a secret  
Wont tell my boys  
What you get up to with your favourite toys  
If ya feel me baby make some noise  
Whoa whoa whoa whoa

[CHORUS]

I know you hear me know [x6]  
If ya feel me baby make some noise  
If ya feel me baby just enjoy

[CHORUS x2]
