

702, Seven

Oh so wrong
I was the one you leaned on
Can't pretend
Cuz my love is true
It should be me and you babe
Always knew someday
That we would have a family
Don't know what to do
Cuz in a week
You're gettin' married
I got

Seven whole days
And seven whole nites
It's not much time
To make you mine
Knowin' that girl
You should be here with me
I can't deny
My love I can't hide

Seven whole days
And seven whole nites
To make you see
You should be lovin' me
Whatever you want
Gon' make it feel right
Yea, yea, yea, yea, yea

Don't wanna hurt her
But ya leavin' me
I just can't concieve
It may not seem fair
But in love and war
There are no casualties
I just want what's mine
Boy ya makin' fair
What belongs to me
I'm gon' change your mind
And I guarantee
You gon' be leavin' with me

Seven whole days
And seven whole nites
It's not much time
To make you mine
Knowin' that girl
You should be here with me
I can't deny
My love I can't hide

Seven whole days
And seven whole nites
To make you see
You should be lovin' me
Whatever you want
Gon' make it feel right
Yea, yea, yea, yea, yea

Seven whole days
And seven whole nites
It's not much time
To make you mine
Knowin' that girl

You should be here with me
I can't deny
My love I can't hide

Seven whole days
And seven whole nites
To make you see
You should be lovin' me
Whatever you want
Gon' make it feel right
Yea, yea, yea, yea, yea

The flowers are coming today
I hope she hasn't picked out a dress already
I hope she picked out a ring that I'll like
Cuz it's gonna be on my finger tonite

Seven whole days
And seven whole nites
It's not much time
To make you mine
Knowin' that girl
You should be here with me
I can't deny
My love I can't hide

Seven whole days
And seven whole nites
To make you see
You should be lovin' me
Whatever you want
Gon' make it feel right
Yea, yea, yea, yea, yea

(Repeat till end)
