

# A\$AP Rocky (ASAP Rocky), Sundress

(fucking with the wrong man  
said, she fucking with the wrong man  
ever since she left me)

I guess she fall into the wrong hands  
and now you're f-in' with the wrong man

you took some time away from me  
I see you made your mind  
just read the signs,  
it's clear to see  
I'm tryna make you mind  
cause love is blind  
your hurt is fine  
to heal, it take some time

I guess she fall into the wrong hands  
and now you're f-in' with the wrong man

tokyo trips  
shoppin' sprees full of gifts  
I remember we would dream about kids  
tryna get that V with tha crib  
back when you used to Bs with that Crip  
gotta give a little to get  
a little bit in return no  
tables turn now  
and you heard about me and my bitch

I'm just tryna chill  
cause lately I've been thinking about you and rebuildin'  
walking around like you lost feelings  
I can tell he not fulfilling  
you in love with me still

they say only if looks could kill  
for real  
you walk around town with that guy  
when you pass by  
I just laugh like, ach, ach, ach

I guess she fall into the wrong hands  
and now you're f-in' with the wrong man
