

# A.C. Newman, The Heartbreak Rides

Just out of the woods and yelling down the mountains  
All I really wanted was to go downtown  
And so we ride  
The heartbreak slides  
Rushing at the modern sunset to your window  
Gestured with the bleach in hand, she said &quot;let's go&quot;  
&quot;L.A.&quot; she cried  
The heartbreak rides for free  
Yo ho (x4)  
California adds some casual bedlam  
Something in the basic swing of things led them to  
Victimless crimes  
The heartbreak climbs  
Playing with your words and come into headlights  
Placards on the interstate; we want the good life  
&quot;L.A.&quot; she cried  
The heartbreak rides for free  
Yo ho (x7)  
Just out of the woods and yelling down the mountains  
All I really wanted was to go downtown  
And so we ride  
The heartbreak slides  
Rushing at the modern sunset to your window  
Gestured with the bleach in hand, she said &quot;let's go&quot;  
&quot;L.A.&quot; she cried  
The heartbreak rides for free  
Yo ho (x7)
