You keep on sayin' that you want to know me  
But you never show me your true self  
How can you ever expect someone else to know you?  
When all you're going to do is just pretend  
You're someone else?  
You keep on sayin' that you want to show me that you're really different  
But you're just the same  
If you're really mindless, then there is no way that I can win, maybe  
You're just one of them, or maybe it's just a game  
You lie to yourself and remain alone  
I'm not exactly sure of your motivation  
I'm not exactly sure what you're tryin' to do  
All I'm really sure is that you're not too impressive  
And you're wearing a mask that I can't see through  
Maybe you're not looking for acceptance  
Maybe you're striving for something more  
If it's status that you lust then why try to be one of us?  
You're someone we'll never trust 'cause we know the score
