

# A-ha, A Little Bit

And it will take a little bit of extra time  
To make it shine, to make it shine  
And it will take a little bit of extra care  
To bring it where you think it's there

And there's no one else around  
This is what I've found Anyone you see  
Anyone you meet  
Some one at your feet  
Anyone could be that one  
Anyone you know  
Anywhere you go  
Some one in a show  
Could be that one

And it will take a little bit of all you've got  
To get a shot, get a shot  
And it will take a little bit of extra care  
To bring it where you think it's there

And there's nowhere else to go  
This is what I know  
Anyone you see  
Anyone you meet  
Maybe down the street  
Anyone could be that one  
Everywhere you look  
Pages of a book  
All the years it took  
Everything got you down

And it will take a little while to get back home  
The road is long, the road is long  
And it will take a little work to get it back  
To mend the cracks, to bridge the gaps

Anyone you see  
Could be the one  
Anyone you meet  
Could be that one  
Some one at your feet  
Could feel the same  
Maybe you'd complete  
Could share your name  
Anywhere you look  
Pages of a book  
Everything she took  
Never let it keep you down

Holding out for used  
Broken up and bruised  
Lovable to lose  
Anywhere you go  
Anyone you know  
Think it doesn't show  
Everybody knows  
Anyone you meet  
Maybe down the street  
(And it will take a little time to get back home)  
Some one at your feet
