

# A Perfect Murder, Body And Blood

Discipline is the blood of life  
Strenght an only friend  
No time for sorry  
It's just time to move on  
I'm the last man

Castration  
Furstration  
You don't mean a f\*\*k to me  
Stronger by the hour  
What we had is soured  
Your thoughts ain't shit to me

Intimidation  
Domination come the taste  
The hate I bleed  
I am the new found power  
The drug you bow to  
Your weakness is all you need

Anti-life for the weak  
No sympathy for the downtrodden  
Will rise above my falls  
And crush the doubters one and all [x2]

Embrace the fear until the end  
Never tinkering about the future  
Never considering the end  
Your strenght is all you need
