

# A Thorn For Every Heart, The Game

What are they gonna say when you just move along?  
We'll get you out of here, just be strong,  
(We'll get you, get you out.)  
I thought I saw you today, I couldn't be wrong.  
(Oh, and you have changed.)  
You were caught between the lines and you couldn't get out.  
It's been a few years since you left home.  
Do you miss your residence?  
Just keep on trying and you'll get out soon.  
You'll get out soon.  
I think you're doing much better but you say I fold.  
You think you're oh so clever but you say I fold.  
You say I fold.  
Give up and give up and move on and move on,  
With the rest, with the rest of your lonely life.  
Have you selled yourself?  
It's such a shame the way they use you up, destroy your name.  
We'll get you out of here, just be strong.  
Gonna bend the life you can't get out.  
I think you're doing much better but you say I fold.  
You think you're oh so clever but you say I fold.  
You say I fold.  
Give up and give up and move on and move on,  
With the rest, with the rest of your lonely life.  
I think you're doing much better but you say I fold.  
You think you're oh so clever but you say I fold.  
(Give up and give up and give up and give up)  
You say I fold.  
(And move on and move on)  
You say I fold.  
(With the rest, with the rest)  
You say I fold.
