A Touch of Class, Around the World (La la la La

The kisses of the sun Were sweet I didn't blink I let it in my eyes Like an exotic drink The radio playing songs That I have never heard I don't know what to say Oh, not another word Just, la la la la la It goes around the world Just, la la la la la It's all around the world Just, la la la la la And everybody's singing La la la la la And now the bells are ringing La Inside an empty room My inspiration flows Now wait to hear the tune Around my head it goes The magic melody You want to sing with me Just la la la la la The music is the key And now the night is gone Still it goes on and on So deep inside of me I long to set it free I don't know what to do Just can't explain to you I don't know what to say Oh, not another word Just, la la la la la It goes around the world Just, la la la la la It's all around the world Just, la la la la la And everybody's singing La la la la la And now the bells are ringing La The kisses of the sun Around, around, around La la la la la It goes around the world Just, la la la la la It's all around the world Just, la la la la la

And everybody's singing

La la la la la And now the bells are ringing La Around, around Around the world La la
