

Aaliyah, Poison (ft. the Weeknd)

Can I explain myself to you?
Questions been lurking through my mind
Is it the lover for the time?
I give in, my heart, my joy
My soul to you
If it is real, I'm sure I can't see
Gotta start lookin' out for me
And in my, my heart won't take no more
I know you say that I don't care
Some time my way and life isn't fair
I feel it sad for me, you take a chance
So you are givin' me no choice
I think I must exercise my voice and say
