

Aaron Spiro, Sing

Join with all the angels let creation sing
Glory to our maker, hear the anthem ring
Wise men sing about it young men love to shout it
Everyone everywhere, join in the heaven song
Will you sing, sing
Let everyone, in every tongue sing
Let every cup be lifted up sing
Sing, sing, sing, sing
Join with every nation every color every race
Lifting up the chorus too the God of grace
Let's sing about the story of Christ's reigning glory
Everyone sing along, join in the heaven song
Will you sing, sing
Let everyone in every tongue sing
Let every cup be lifted up sing
Sing, sing, sing, sing
Sing in the spirit filled with the truth
Sing like there is nothing else you can do
Sing like a heart found in a dream
On an outbound train picking up steam
Headed toward the speed of like and following the way
