

# Aaron Spiro, Sing

Join with all the angels let creation sing  
Glory to our maker, hear the anthem ring  
Wise men sing about it young men love to shout it  
Everyone everywhere, join in the heaven song  
Will you sing, sing  
Let everyone, in every tongue sing  
Let every cup be lifted up sing  
Sing, sing, sing, sing  
Join with every nation every color every race  
Lifting up the chorus too the God of grace  
Let's sing about the story of Christ's reigning glory  
Everyone sing along, join in the heaven song  
Will you sing, sing  
Let everyone in every tongue sing  
Let every cup be lifted up sing  
Sing, sing, sing, sing  
Sing in the spirit filled with the truth  
Sing like there is nothing else you can do  
Sing like a heart found in a dream  
On an outbound train picking up steam  
Headed toward the speed of like and following the way
