Aaron Tippin, I Miss Misbehavin'

I used to smoke and stay out late Sometimes I drank more that I ate I used to think, man, I was bad Why, I'd fight at the drop of a hat I took a walk on the wild side I guess I'm lucky that I survived I had some days I can't forget And sometimes at night I think about 'em yet I miss misbehavin' Yeah, I miss misbehavin' I've settled down now But sometimes I miss misbehavin' There was a girl I do recall She was as tough as she was tall We used to dance to every song Lord, we held each other all night long She used to call me her honey baby I called her my Miss Misbehavin' I wonder if she's still around And if she's out there misbehavin' now I miss misbehavin' Yeah, I miss misbehavin' I've settled down now But sometimes I miss misbehavin' Yeah, I've settled down now But sometimes I miss misbehavin'
