Abdul Paula

Forever Your Girl

The Way That You Love Me

It ain't the clothes that you wear

It ain't the things that you buy

It ain't your house on the hill

It ain't the plane that you fly

It ain't your black limousine

It ain't your ninety-foot yacht

It ain't the things that you'll get

It ain't the things that you got

It ain't the money or the diamond rings

Honey I ain't impressed with your material things

It's the way that you love me

It's just the way that you love me

It's the way that you love me

It's just the way that you love me

It ain't your friends at the top

It ain't their fortune and fame

It ain't your heavy connections

It ain't the Hollywood game

Ain't famous people or the parties they throw

Honey I ain't impressed with all the people you know

It's just the way that you love me

(In the heat of the night)

It's just the way that you love me

(Baby)

It's just the way that you love me

(When you're lovin' me right)

It's just the way that you love me

(Baby)

It's just the way that you love me

(And the things that you do)

It's just the way that you love me

(Baby)

It's just the way that you love me

(Make me crazy for you)

It's just the way that you love me

It ain't the money or the diamond rings

Honey I ain't impressed with those material things

It ain't the trips to Brazil

It ain't the weekends in Rome

It ain't the French Riviera

You know I'd rather stay home

Ain't the Bahamas

It ain't Monaco

Honey I ain't impressed

With all the places we go

It's just the way that you love me

The way that you love me  
The way that you love me  
It's just the way that you love me

The way that you love me  
(It ain't the money)

It's just the way that you love me  
(Or the diamond rings)

The way that you love me  
(Ain't what you buy my baby)

It's just the way that you love me  
(Ain't material things)

The way that you love me  
(Ain't your Maserati)

It's just the way that you love me  
(Your house on the hill)

The way that you love me  
(It ain't the parties)

It's just the way that you love me
