

Aborted, Nailed Through Her Cunt

[music: nick, aborted; lyrics: nick]

Rancour fed I grasp her head
Hurl her ass against the wall
Merry thoughts I disentrall
Taking my nails to devour her entrails

With excremental lubricant I force them down in her cunt
Violently piercing her insides - Emotions I can no longer hide
Feel the steel engrain - Enjoy the skewering pain
Anal crucifixion - Hammering
Suffer in humility - Piercing to the vaginal cavity
Sanguinary feces - Nailing

She regurgitates the blood - emerging from your sieved guts
Oligophrenic debaucheries - mutilations one never sees

Affectionate reminiscences - A canvas of carnal decadence
Expediting decay, defecating matter - Sphinctral impalement, lancing her bladder
Rectal and intestinal suffering - Lacerating delights I bring

Mutilated in her riddled ass - Remnants of what she once was
You dirty slut you get what you deserve
Defecating as haematemsia emerge

Meathook penetration - Rectal defenstration
A morbid row of guts & gore
With your mangled bowels scattered on the floor
