

# Aborted, The Saw And The Carnage Done

(Music: Thijs, Lyrics: Sven)

Emulous life form emerges, and slashes continuously  
A man made predator slides back moral, self censored reality

Crushing through my veins  
Coagulating awareness  
Chromosomes regressed  
With the saw, I shall purge  
Taking the next step,  
The robbing of life  
Anticipating blood flow  
Feelings of contempt arise

No longer in control, I crave the dead  
One with the dead, I am

A prophetized death machine, unleashed  
Bones are splintered as I saw, Decadence to feed  
Murder is mankind's only saviour, Goremageddon...

Sawig up stiffs to my every need,  
decadence to feed  
Feeding, and praying on man,  
to cleanse the world, decadence exceeds

(lead: Thijs)  
(lead: Bart)

Emulous life form emerges,  
and slashes repeatedly  
A man made predator feeding  
on its own creator, your society

Feeding, and praying on man, to cleanse the world,  
decadence exceeds  
Sawing up stiffs to my every need,  
decadence to feed
