

Abscess, Tirade Of Hallucinations

Implode into darkness
Leave this world to die
Voices of deception
A belt of terror in time
Images of the sick
Demented thoughts
Tweak your sight
Unable to get your fill
Veins running dry

Indulged in mind manipulations
A tirade of hallucinations

Tap the black vein
As it pierces your skull
Watch maggots fall
From its hole
Dripping flesh from bone
A hell created on my own
