AC-DC Flick Of The Switch GUNS FOR HIRE Flick Of The Switch (1983) SINGLE: Guns For Hire/Landslide (1983) SINGLE: Who Made Who/Guns For Hire (1986) (Young, Young, Johnson)

The word is out
That I'm about
And I've come gunning for you
I'm a real entertainer
A mischief maker
A lover of no fixed abode
Quick draw on the floor
No law give you more
Sweet talker, lover of sin
You are what you got
You get what you want
Look out woman -

I got guns for hire Shoot you with desire The guns for hire Shoot you with desire

I'm a wanted poster
A needed man
Running right across the land
I'm a smooth operator
A big dictator
Gonna mark you with my brand

My gun's for hire Shoot you with desire Got gun's for hire Shoot you with desire

(Quick draw on the floor, big shot)

Hot to trot, big shot Take a lot Never get the drop on me I'm a real entertainer Mischief maker Lover in seven languages

CHORUS
My gun's for hire
Shoot you with desire
This gun's for hire
Shoot you with desire

Shoot you with desire Shoot you with desire A gun's for hire Shoot you with desire

What you get, big shit You can't get the drop on me, girl
