AC-DC

High Voltage

LITTLE LOVER

High Voltage (Aus) (1974)

High Voltage (1976)

(Young, Young, Scott)

Saw you in the front row  
Moving to the beat  
(Just movin' and groovin')  
Killed me when I saw  
The wet patch on your seat  
(Wasn't Coca Cola)  
Oh baby  
I hope you liked the show  
When the band said good night  
I had to say hello

CHORUS:

Little lover, I can't get you off my mind  
Little lover, I've been trying hard to find  
Someone like you

Oh baby  
You sure looked sweet  
(Cruisin')  
A leg either side  
Of my motorcycle seat  
(Just oozin')  
Could have been a nightmare  
Could have been a dream  
But on my way home, babe  
I thought I heard you scream

CHORUS

You had my picture  
On your bedroom wall  
(Next to Gary Glitter)  
I was standing on the stage  
Playing rock 'n' roll  
(I was a guitar picker)  
Never had a record  
Never had a hit  
Oh baby  
You didn't mind a bit

CHORUS

Baby I know you're a -  
Little lover
