MELTDOWN

Stiff Upper Lip (2000)

(Young, Young)

Now I'm gonna watch the fire (?)

Night time or day

Looking at a female

Hey, hey, hey

Gotta get up and come home

And run around the hay

Making her sweat,

Telling her to last all through the day

Man it's getting hot - hot - hot

I said man it's getting hot - hot - hot

It's getting hotter

And hotter

Man it's getting hot - hot

It's getting hot around here

It's a meltdown

It's a meltdown

I got a feeling in my bones

I been working my brains out

All night long

Stoke another fire

Take them hard up to the wall

Burn the longest log

Burn me down

Man it's getting hot - hot - hot

I said man it's getting hot - hot - hot

It's getting hotter, and hotter

Man it's getting hot, hot

It's getting hot around here

It's a meltdown

It's a meltdown

It's a meltdown

It's a meltdown

- solo -

Man it's getting hot - hot - hot

I said man it's getting hot - hot - hot

It's getting hotter

And hotter

And hotter

And hotter

It's a meltdown

It's a meltdown

It's a meltdown

It's a meltdown

It's a meltdown - Gonna burn

It's a meltdown - I said burn, burn

It's a meltdown

Meltdown

Meltdown

It's a meltdown

It's a meltdown
