

# AC/DC, Next To The Moon

Well i tied my baby to the railroad track  
Cannonball down the line  
Giving that woman just a one more chance  
To give it to me one more time  
Engineer wishing he was home in bed  
Dreaming about casey jones  
Wide-eyed woman heading a mile ahead [...woman half a mile ahead]  
Thinking about broken bones

It's her love that i want  
It's her love that i need  
It's her love got to have  
It's her love

Heavenly body flying across the sky  
Superman was out of town  
Come on honey, gotta change your tune  
Cause it's a long way down  
Clark kent looking for a free ride  
Thinking about lois lane  
It's a bird, it's a plane, it's - a suicide  
And that'd be a shame

It's her love that i want  
It's her love that i need  
It's her love got to have  
It's her love

But what's next to the moon?

Long arm looking for a fingerprint  
Trying to find the mystery clue  
Hitting me with the third degree  
Working on a thumb screw  
Alright, officer, i confess  
Everything's coming back  
I didn't mean to hurt that woman of mine  
It was a heart attack

It's her love that i want  
It's her love that i need  
It's her love got to have  
It's her love

What's next to the moon?
