AC/DC, OVERDOSE

AC-DC Let There Be Rock OVERDOSE Let There Be Rock (1977) (Young, Young, Scott)

I never smoked with no cigarettes
I never drank much booze
But I'm only a man, don't you understand
And a man can sometimes lose
You gave me something I never had
Pulled me down with you
Pulled me up, think I'm in love
Hope you can pull me through

CHORUS:

I overdosed on you I overdosed on you Crazy but it's true Ain't nothing I can do I overdosed on you

Oh woman you give to me
More than I can take
But listen honey, I don't mind
You're a habit I don't want to break
Don't want none of that hard stuff
Don't need it anymore
I'm in love, and I'm sinking fast
And I don't need no cure

CHORUS

Gee I was happy as a man could be To far gone to escape Power of love, don't pull me off Just write on my grave:

CHORUS
