

AC/DC, Play Ball

Come on, man, don't mend the mood
Come in and join the crowd
Party time, I'm not home to lose
Come on and shout it out loud
Let's play ball

Let's play ball
And never stall
Play, play, play ball
Let's play ball
Let's play ball
I came to play, play ball

Come on, man, don't mend the mood
Come in and join the crowd
Party time, I'm not home to lose
Come on and shout it out loud
Let's play ball

Let's play ball
And never stall
Play, play, play ball
Let's play ball
Let's play ball
I came to play, play ball
