Some Sin For Nothing

Songtext: AC / DC - Some Sin For Nothin'

Sex and love

Ow!

Yeah

Ooh-ow!

Heroes, hard to find
Don't make the news 'til they're doin' time
Schemers turn the screw
They get the word and they drop on you
Lay down the law black of the night
Run up a score, ooh the price is right
Dealers looking round, wheel is turning round
Coming round on you

Yeah

Some sin for gold
Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the fool
Who's gonna have to sin for nothing

Nothing at all

Nero, evil mind
He was born way before his time
Lead 'em down below
You got it right and away you go
You gotta lay down the rules, push up the price
Turn on the heat, put you on ice
Dealers looking round, wheel is turning round
Coming round for you

Ooh

Some sin for gold
Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the fool
Who's gonna have to sin for nothing, yeah

Give it to me
Ain't gonna do that

Some sin for gold
Some sin for shame
Some sin for cash
Some sin for gain
Some sin for wine
Some sin for pain
But I ain't gonna be the fool
Who's gonna have to sin for nothing

Some sin
Ain't gonna sin for nothing
Some sin
You get nothing for nothing
Some sin
Ain't gonna sin for nothing

That don't make no sense
