

# AC/DC, This Means War

(You get your head down, will you)

I

I want you

I want you to

I want you to march

Eyes go right, shoulder arms

Left wheel turn, show your charms

Change your clothes, cut your hair

Ain't no joke, ain't no place for kids

When the flags are high, hear the battle cry

Treaty gone, see the bandit fly

Dig that trench, watch the blast

Shell shock come, coming fast

Name and rank on parade

Might get laid by a hand grenade

Do you know what this means?

Do you know what this means?

This - means - war

This means war, this means war

I said this means war, this means war

This means war

(Run for cover, hit the deck, call for your mother)

I

I need you

I need you to

I need you to fire

Cock your gun, wet your sights

Get the bull dead to rights

Volunteers, one pace back

On the beach ain't no place for kids

When the flack is high on a bomber run

You don't talk back to an ack-ack gun

Fire range, and you're in the blitz

Keep your head or you're blown to bits

Name and rank on parade

Might get laid by a hand grenade

Do you know what it means?

Do you know what it means?

This - means - war

Who's going there, is it a friend or foe?

Propaganda time on the radio

Top brass shout as they clown around

Peace talks die in Geneva town

Do you know what it means? (This means war)

Do you know what it means? (This means war)

Do you know what it means? (This means war)

Do you know what it means? (This means)

This - means - war

This means war

I said this means war, this means war

This means war

(Where's the second gun?)

This means war,

I told you before, this means war  
You know the score, said this means war  
This means war  
This-means-war  
You're all dead
