## Accept, Head Over Heals

Late at night in the park I saw them slipping in the dark For heaven sake whats going on Its like someone is here Gotta follow now Like being in a trance for me Theres silence here More than all the noise Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Everyday, every night Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Down on my knees, God help me please Gotta know whos out in the dark Ive stopped my breath, can feel the hands Could hear the sound of people making love I surrender right now Ive to be touched I feel so much Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Everyday, every night Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Yeah Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Everyday, every night Spurting in the dark head over heels Overheated heart head over heels Treating it so hard the spurting feels Everyday, every night
