

# Accept, Restless & Wild

Okay  
Okay, it's restless  
Restless, restless  
Restless and wild  
They're running wild  
They're on a down hill ride  
Like a rebel they look for more  
Too young to die, oh, yeah  
Now you know your dreams are useless  
And their lies, you'll never tell  
'Cause you're so restless  
(Restless and wild)  
Restless  
(Restless and wild)  
Restless  
(Restless and wild)  
Restless, restless and wild  
Star born lovers  
Angels in the night on a highway  
They don't look back  
Everybody's lost the way  
The little girl wants to be an actress  
Young boys are easy riders  
They live so restless  
(Restless and wild)  
Restless  
(Restless and wild)  
Restless  
(Restless and wild)  
Restless, restless and wild
