

# Ace Of Base, Hallo hallo

Coming from my work  
I'm tired  
I see you get on my bus  
Here I go again, a new attraction  
And I think I know you  
Something is familiar about your face  
I move through the crowd  
So I can get a better look  
Hallo hallo  
I've got what you're searching for  
Hallo hallo  
Can't you see me  
Hallo hallo  
Everybody's looking for a crazy heart  
Can't you see me  
I'm here beside you  
Weren't you the one that spilled  
my long drink over at a bar ?  
Easy come, easy go  
I said and laughed  
Looking like a question mark you stood  
There wondering what to do  
Then I said to you  
Don't you look too happy now  
Hallo hallo  
I've got what you're searching for  
Hallo hallo  
Can't you see me  
Hallo hallo  
Everybody's looking for a crazy heart  
Can't you see me  
I'm here ...  
Hallo hallo  
Here I'm standing next to you  
Hallo hallo  
I'm a objekt - nothing new  
Hallo hallo  
Talk to me you're looking strange  
Let me know if my presence is bothering you  
Hallo hallo  
Everybody's looking -  
Can't you see me ?  
Hallo hallo  
Everybody searching  
Can't you see me ?  
Hallo hallo
