

# Acid Drinkers, Rats (Feeling Nasty)

Deep darkness, hard stench, the dirt, the pressure  
poison - gas, the circus, we vade in the sea of shit  
my fear, my blindness, impotence, it makes disorder in brain  
we stand in heep of dung

Yeah, we're a submarine, we sail in sinkin' swamp  
dead souls, impunity, insolance, confusion,  
disorder, lawlessness, it is a time of lie, an anger, and tears,  
decay, disruption

Time of lie

An anger, and tears, decay, disruption, robber, jingoism  
we toy with TNT, oh, karel, rhey want to strangle, to break us  
I'm frighten, oh f\*\*k, they mean a bloody juice

Yeah, we're a submarine, we sail in sinkin' swamp  
dead souls, impunity, insolance, confusion, lawlessness,  
lawlessness, time of lie, time of lie, an anger, and tears,  
and decay, disruption

Time of lie

we fret anf fume, yes, we fret and fume

Just like rats inside the cage

Do you know, do you know something about madness

Do you know, do you know something about madness

Do you know, do you know something about madness

do you know, do you know something about  
something about, something about madness!!

Madness!!

Just like rats inside the cage
