

Act Fast, Lucky 13

Everything that i
Was taught to be right
Was it all a stupid lie
All the things you taught
All the battles we faught
And all the unforgettable thoughts
My brain is twisted now
The room it spins around
Everything I believed has broken down
How could you lie to me
The things you said I believed
But still I will not turn my back and run away

chorus

But i
Can't find it in myself
To turn my back on you
No matter what you (do)
But i
Still don't understand
All the things you taught
All the battles we faught
Tell me

Was it all a hoax
Was it just a scam
I don't (understand)
Still i
Can't find it in myself
To turn my back on you
No matter what you do

Your empty lies
Won't save you this time
'cause I know there's nothing on the inside
I'd agree to stay
If you agree to change
But your answer will always be no way
You were once my friend
You said friends till the end
I will still try for as long as I can
Our friendship's come undone
The burden ways a ton
You stabbed me in the back, true friends stab in the front
