

Ad Hominem, Slaves Of God

I abjure the name of Jesus Christ
Die slaves!
Deified martyr praised by impotent hymns
Icon of the desperate herd
Sacred illusion
Vile motive of inconsistent slaughters
Crowned figure leading the atrophy of strength
Abomination
Tolerance
Misery
Lucid bunch of lies
Commanding the world's demise
Cowardice
Pity
Obedience and faith aren't the road to paradise
Slaves of God to the gallows
The gallows for the slaves of God
Flattered weakness and moralic acid
Demonizing the deep essence of self
Virtuous decay
I am not a slave of God...
You lousy embodiment of weakness, founded and arisen from adversity
Vouching the lies of your henchmen, hypocrite advocates of equality
I reject, repudiate all the love you promise
You corrupt, you gangrene, you kill all that is pure in man
