

Ad Infinitum, Breathe

I feel it in the air
I feel it in the way it's killing me
I can't breathe, oh breathe
The world is starting to spin around me

The surface is near
But the water in my lungs won't ever leave
I try to swim, oh swim
It seems so easy why can't I just...

Breathe
I want to feel alive
I don't want to see my world burn in my mind
Oh breathe
It is not too late
To break the chains, oh I wanna get away
From my yesterday

I see it through my cries
I see and suddenly I realise
As I freeze, oh freeze
The night is starting to fall upon me

The surface is clear
But the power of the stream won't set me free
I try to scream, oh scream
I've been there before why can't I just breathe

I feel it in the air
I feel it in the way it's killing me
I can't breathe, breathe
My soul is screaming
All alone
I try to bring the sun back home
And fight this stream
Oh

Breathe
I want to feel alive
I don't want to see my world burn in my mind
Oh breathe
It is not too late
To break the chains, oh I wanna get away
From my yesterday
