Ad Infinitum, Breathe

I feel it in the air I feel it in the way it's killing me I can't breathe, oh breathe The world is starting to spin around me

The surface is near But the water in my lungs won't ever leave I try to swim, oh swim It seems so easy why can't I just...

Breathe I want to feel alive I don't want to see my world burn in my mind Oh breathe It is not too late To break the chains, oh I wanna get away From my yesterday

I see it through my cries I see and suddenly I realise As I freeze, oh freeze The night is starting to fall upon me

The surface is clear But the power of the stream won't set me free I try to scream, oh scream I've been there before why can't I just breathe

I feel it in the air I feel it in the way it's killing me I can't breathe, breathe My soul is screaming All alone I try to bring the sun back home And fight this stream Oh

Breathe I want to feel alive I don't want to see my world burn in my mind Oh breathe It is not too late To break the chains, oh I wanna get away From my yesterday
