

# Ad Infinitum, Live Before You Die

Tonight a thought crosses your mind  
Has our world become blind?  
Your storybooks never revealed the whole truth  
That stands behind the veil covering your eyes

Colours and paintings are now dancing in your dreams

Don't you wanna know about the wonders, wonders?  
Don't you wanna learn about the stars?  
Don't you wanna see what's beyond  
The horizon of your world?  
Don't you wanna dream above the clouds?  
Live before you die

You've always been told what's wrong or right  
Follow your destiny and shine  
This lullaby suddenly sounds like a sweet lie  
You want to see this new landscape with your own eyes

Colours and paintings of this new awakening

Don't you wanna know about the wonders, wonders?  
Don't you wanna learn about the stars?  
Don't you wanna see what's beyond  
The horizon of your world?  
Don't you wanna dream above the clouds?  
Live before you die

A new day has come  
Your mind flies towards the sky  
The journey has begun  
And there's no turning back  
Your restless soul  
Wants to see, wants to know

Don't you wanna know about the wonders, wonders?  
Don't you wanna learn about the stars?  
Don't you wanna see what's beyond  
The horizon of your world?  
Don't you wanna dream above the clouds?  
Live before you die
