

# Ada Szulc, Ocean (ft. DJ Adamus)

Once, I saw the ocean.  
And now I remember what I felt.

Inside I found a mystery  
From there I follow you all the time

I've never been in love  
It's over before it starts

I know where you are.....

Once, I saw the ocean.  
Alone, nobody to show me more.

Next time I don't want mysteries  
Just to feel somebody's hand on my arm.

I've never been in love
