

Adam And The Ants, Kick!

See a nation on its knees
And its heritage's dead
See a nation needing 'civilization'
Just like a hole in the head

One race! today! one chant!
Kick!

So now you're trying it on me
But I'm aware of the plan
To save the 'man' you have to kill the 'indian'
By simply shaking his hand

One race! today! one chant!
Kick!
