

# Adam Lambert, Another Lonely Night

Alone in the dark, hole in my heart, turn on the radio  
And the words fall out, but they got no place to go  
Wasted on you, high on the fumes  
Know I should let you go  
But the world won't stop  
And all I got is your ghost,

Another day, another lonely night  
I would do anything to have you by my side  
Another day, another lonely night  
Don't wanna throw away another lonely life

No time to sleep, all that I see, are old memories of you  
Yeah I try my best, but there's no one left for me to lose  
Tear in my eye, I drive through the night, as far I can from you  
And I don't give a fuck if the sun comes up, yeah  
It's just another

Another day, another lonely night  
I would do anything to have you by my side  
Another day, another lonely night  
Don't wanna throw away another lonely life

No I don't give a fuck if the sun comes up, yeah  
It's just another

Another day, another lonely night  
I would do anything to have you by my side  
Another day, another lonely night  
Don't wanna throw away another lonely life
