

Adam Lambert, Comin In Hot

ready my mind open up
faded i fall into you
get me high
on your touch
tracing the outline of you
don't let go
now no slow down
I am a fire and I am burning

Comin In Hot
Comin In Hot
no chill me
comin in hot
comin in hot
red wine and weed
I want your touch come out your hands on me
I want my love to feed your vanity
comin in hot

novacaine in my mouth
trying my tongue like you do
say my name say it loud
tell me what you wanna do

don't let go now
no slowing down
I am fire
and I am burning

Comin In Hot
Comin In Hot
no chill me
comin in hot
comin in hot
red wine and weed
I want your touch come out your hands on me
I want my love to feed your vanity
comin in hot
