

Adam Lambert, VELVET

i've been feelin nostalgic
i know that I am not the only one
I think it's time for a throwback
to remind me how to fall in love
wanna rock something in my own
kinda way
like it's tailor-made for me
think I found someone I can get lost in
cust from the same cloths as me

just like velver
and I know
and I know
I t was cool the first
I ifelt it
I got tat feeling tonight
by my velver
cuz I can't get enough of your touch
I am crusin
I got that feelin
I got that feelin tonight
