

Adam Rickitt, Everything My Heart Desires

Chorus:

One Kiss

Heaven isn't far

You're everything my heart desires

Your love has no missing parts

It's everything my heart desires

There ain't no one better for me

Every day and night Baby, in my life

It's you-you're my front page story

Wanna tell the world

I'm in love with you girl

Can't believe it's real

Everything I feel

Baby, it's too hard to conceal

Chorus:

One Kiss

Heaven isn't far

You're everything my heart desires

Your love has no missing parts

It's everything my heart desires

Thought I'd be forever searchin'

On an open road

I had nowhere to go

So I, I said a prayer and God heard it

Come and set me free

Send an angel to me

And then you appeared

Everything was clear

I just can't believe that you're here

Chorus:

One Kiss

Heaven isn't far

You're everything my heart desires

Your love has no missing parts

It's everything my heart desires

The best thing

Underneath the stars

You're everything my heart desires

Don't change

I love the way you are

You're everything my heart desires

Repeat Chorus to fade
